

### HUNTINGTON LIBRARY COLLECTING CALIFORNIA RECORDS FOR BENEFIT OF POSTERITY

Above are samples of materials sought by Huntington Library, at San Marino, for its California collection, according to "committee appointed to procure additional letters, books, diaries, and maps essential to the study of California history. Map of 1868 shows conception of California as an island. Very rare first constitution of state, 1849, in Spanish, is relevant title. Sutter signature is from a letter to American vice-consul, 1847.

### 'Paradise of Pacific' Certainly not that To Former Lomitans

"Two years is a long time and we certainly get homesick," writes Mrs. Ivan Keyes from Hawaii where her husband is stationed with the Coast Guard. "We get The Lomita News," she writes, "and it's so good to get the news from home that we pass the paper around to all the

former Lomitans we know here until the paper is worn thin." Mrs. Keyes writes that recently the Aber boys spent a 48-hour leave with them. She also writes that things are very high in the islands and she had to pay \$25 to enter her boy in the American school. She is always glad to run across any of the Lomita people because most of them are homesick and glad to meet someone from home.

"Reality" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The Golden Text is from Isaiah: "Behold, I create new heavens and a new earth; and the former shall not be remembered, nor come into mind."

Scriptural selections include these verses from I Chronicles: "Sing unto the LORD, all the earth; show forth from day to day his salvation. . . . Glory and honour are in his presence; strength and gladness are in his place. . . . Thing, O LORD, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heavens and in the earth is thine; thine is the kingdom, O LORD, and thou art exalted as head above all. Both riches and honour come of thee, and thou reignest over all; and in thine hand is power and might; and in thine hand it is to make great, and to give strength unto all. Now therefore, our God, we thank thee, and praise thy glorious name."

The Lesson-Sermon includes these statements from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit imparts the understanding which uplifts consciousness and leads into all truth. . . . Spiritual sense is the discernment of 'spiritual good.'" "The spiritual reality is the scientific fact in all things. The spiritual fact, repeated in the action of man and the whole universe, is harmonious and is the ideal of Truth."

## New Oldsmobiles Due Here Soon

Acclaiming the new 1942 Oldsmobiles to be the "best he had ever seen," Arthur Mullin, local Oldsmobile dealer, returned last evening after attending a preview of the new 1942 models which were displayed to a large group of Southland dealers at the Ambassador hotel in Los Angeles.

"From every standpoint," Mullin said enthusiastically, "the 1942 Oldsmobile models are outstanding. They are better looking, better lasting and better built than any previous Oldsmobile in the company's 44-year history."

Mullin said he had been promised delivery of a display model for his salesroom at 2053 Torrance blvd., within a few days. "When the new car arrives, it will speak for itself more eloquently than any words that I might use," said Mullin.

## First Lady, Mayor Talk Defense

Mrs. Franklin D. Roosevelt, "First Lady of Defense," and Civilian Defense Director Fiorella H. La Guardia, as they appeared on broadsheet to tell how every citizen may aid defense program. Mr. La Guardia has been criticized in some quarters because he is unable to spend more time in Washington on his defense job.

## Clifton People Face Isolation Without Qualm

"If this means isolation — were all for it!" This was the consensus of Clifton Heights residents following a meeting last Friday night when they discussed matters pertaining to the refusal of the city of Redondo Beach to continue extending the unincorporated area library and fire protection service.

Cliftonians won't suffer from Redondo's change of policy inasmuch as the county fire department has arranged to give them fast service and they can obtain use of libraries in Torrance, Palos Verdes or Hermosa Beach. And one thing is certain: Cliftonians are very definite in their dislike for incorporation into Redondo Beach.

The meeting was in charge of President Harry C. Hunt. Other officers of the newly-organized Clifton Heights Association are John B. Leavelle, vice-president; William C. Nye, secretary, and S. J. Bayball, J. J. Burdick, E. G. Rogers, H. P. Anderson and H. M. Ford, directors.

### More Self-Sustaining

A study has been made by the advisory board during the last week of reactions of various residents of the area regarding the proposal to make Clifton Heights a part of Redondo Beach. The city council of Redondo Beach recently voted to bar Clifton residents from use of the public library service and of the Redondo fire department on the ground that free use of the two facilities would be unfair to Redondo property owners who pay taxes for operation of the library and fire department.

According to reported plans of the Clifton district, efforts will be made at once to make the district more self-sustaining. An inspector and lieutenant of the Sheriff's office were present at the meeting Friday night, to outline methods of obtaining improved police protection from the county.

Another survey will be made to devise means of garbage disposal in accordance with regulations of the Los Angeles County Sanitation Commission. Ways and means of erecting nine street lights is another objective.

## Church Wants Five Eucalypti Removed

Improvement of the church property at the southwest corner of Border ave., and El Prado is being hindered by the presence of five eucalyptus trees, Rev. Ben D. Griffith, pastor of the Foursquare Gospel church, informed the city council Tuesday night.

He asked permission to remove those trees and substitute with coconuts palms. The request was referred to the street department for recommendation at the next meeting. Rev. Griffith said the church purchased the property about a year ago and now plans extensive modernization of the building and beautification of the grounds.

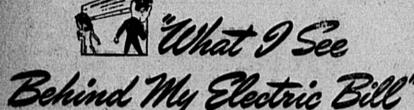

## Ernest Venema Wants Girl-Friends to Know His Submarine Address

Mr. and Mrs. Henry Venema received a letter from their son Ernest this week. Ernest, who graduated from Narbonne in the winter class of 1939, writes that his address now is U. S. S. Narwhal 167, care postmaster San Francisco.

Ernest is a fireman first class on the big submarine. He writes he enjoys letters and especially wants to let the girls know his address. He will make machinist rating in a few weeks with extra allowance if he gets married but says no girl need apply unless she's a good cook. "And by the way, girls, Ernest is certainly handsome in uniform."

#### HERE'S SOME HELP

Most people know the money they spend for electricity buys more than just a certain number of kilowatt-hours. Part of it goes for taxes to help pay for schools, police and fire protection.

Part of it goes in salaries to Edison employees. Part of it goes toward maintaining good electrical service.

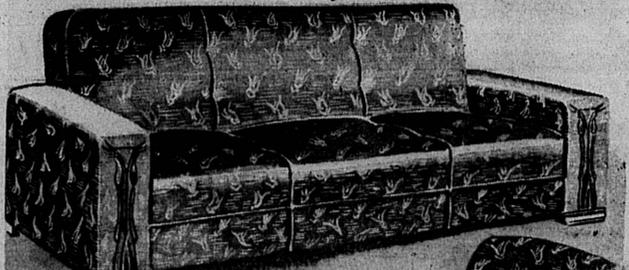

Electricity makes possible an easier and better way of living. It helps increase industrial development—makes more jobs and opportunities for everyone.
